

Universal Call Points (Dry Area)

Indigo Care has produced an Australian designed set of Universal Call Plates suitable to most facilities using a Nurse Call System that conform to AS3811. These Call Plates are designed with the elderly patients in mind as our call points feature large easily identified colour coded buttons that are easy to press. The soft feel silicon buttons have a low brightness backlight which makes them visible during the day or night. Once activated by a resident or staff the backlight goes to full brightness and acts as a reassurance light indicating the point is active. The call point can also be activated by using a pendant which easily connects via an optional pendant socket. Wiring Diagram is available upon request only.

Part Number:

Momentary Switch	MED-UCPV1-XX
Latching Switch	MED-UCPV2-XX
Dual Relay Switch	MED-UCPV3-XX

Wireless Receiver(RF 433MHz) MED-UCPV5-XX (New)

XX Denotes:

C = CALL/CANCEL	A=ASSIST/CANCEL	E = EMERGENCY/CANCEL
CS = CALL with Jack Socket	AS = ASSIST/CANCEL with Jack Socket	

Key Specifications:

- Australian Design
- C-Tick Approved
- Anti-Bacterial Silicon Buttons
- Raised & Easy to Press Buttons
- Available with or without a 6.3 mm Stereo Jack
- Tactile Mechanical Switch with Silicon Button Actuator
- Input Supply: +13.8 to 27VDC
- Power Dissipation – Max 8mW
- Output – Selectable to V-in, +7.5V, +5V and Ground
- Permanent Low Backlight and goes Full bright for reassurance
- Optional Buttons: Nurse Call – Green, Assist-Yellow, Emergency-Red, Cancel-White
