LONG PRESSURE MAT
(760mm X 110mm)

Wireless Under Mattress Sensor Pad

PRODUCT CODES:

Bed Mat & Transmitter: MED- B365X-UM-WT-V1.1

Full Kit: Receiver Unit, Bed Mat & Transmitter: MED- B365K-UM-WT-V1.1

Indigo Care provides a pressure sensitive Wireless Under Mattress Sensor Pad that is designed for UNDER MATTRESS to immediately alert staff when the resident leaves their bed. Ideally suited for extreme falls risk residents when placed under the shoulder area, it will notify through your nurse call system when the resident is awake and sits up in bed. The transmitter is an exclusive ID encoded RF Transmitter which communicates with the Wireless Receiver Box (RRU) or the Universal Call Point (UCPV5.1). It allows the bed sensor mat to wirelessly transmit an alarm to the call point.

Simply connect the Transmitter to the bed sensor mat. Then teach in the Transmitter to RRU or Dual Function Call Point by following the instructions printed. The sensor mat will now trigger the call point when activated within the transmitting area. (Note: Transmitter and Sensor Pad can be ordered separately)

Manufacturer/Supplier recommendation:

Check the sensor mat is compatible for the under mattress before purchased.

KEY SPECIFICATIONS:

Bed mat

- Dimensions: 760mm X 110mm
- Electrical resistance < 100 Ohm
- White PVC, Thickness 0.20mm
- Warranty: 12 months

Transmitter

- Connection: RJ12 socket
- No External Antenna
- LED low battery indicator
- Transmits up to 30m (line of sight)
- Frequency: 433.92MHz
- Uses a 3V battery-CR2032 which will last up to 12 months
- Warranty: 12 months

PRODUCT ACCESSORIES:

- Wireless Receiver Box
- Wireless Floor Sensor Mat
- Wireless Chair Mat
- Wireless Waterproof pendant
- Wireless PIR Motion Sensor
