OPERATION

DURABLE & RELIABLE

COST EFFECTIVE

RCM Approved  
AS/NZS 61000.6.3.2012

**PRODUCT CODE: MED-NC-RTU-PT**

Indigo Care's Wireless Personal Pendant (RTU-PT) has an exclusive ID encoded RF Transmitter which communicates with the Wireless Receiver Box (RRU) or the Universal Call Point (UCPV5.1). It enables the resident to call for assistance anywhere in their room or ensuite without the need to move from their rest position.

The pendant has many important features such as: (a) waterproof IP67 (b) silicon button with braille (c) prohibit false trigger (d) low battery indicator (e) easy access battery cover (f) small, lightweight and visually appealing (h) snap-joint lanyard

Simply teach in the pendant to RRU or Dual Function Call Point by following the printed instructions. The pendant will now trigger the call point when activated within the transmitting area.

## KEY SPECIFICATIONS:
