With RJ12

With 6.3mm Jack

PRODUCT CODE: MED-NC-RTU-FM - with 6.3mm Jack
MED-NC-RTU-CM- with RJ12

Indigo Care's Wireless Transmitter (RTU) is an exclusive ID encoded RF Transmitter. It communicates directly with the Wireless Receiver Box (RRU) or Dual Function Universal Call Point (UCPV5.1). This plug-and-play device converts sensor mat with hardwired connection to wireless mat.

The Wireless Transmitter is available in 6.3mm plug and RJ12 connector. It is designed to connect directly to floor mats, chair mats and bed mats.

Simply connect the Floor Mat Transmitter to the floor sensor mat. Then teach in the Transmitter to RRU or Dual Function Call Point by following the instructions printed. The sensor mat will now trigger the call point when activated within the transmitting area.

KEY SPECIFICATIONS:

- **Box Dimensions: 43 x 41 x 12mm**
- **Connection: 6.3mm mono jack plug or RJ12 connector**
- **No External Antenna**
- **LED low battery indicator**
- **Transmits up to 30m (line of sight)**
- **Uses a 3V battery-CR2032**
- **Frequency: 433.92MHz**
- **Warranty: 12 months**
